

January 22, 2021

Dear customer,

Most recently the Canadian and United States of America Government's announced all air travelers entering Canada or United States of America have to present a COVID-19 NEGATIVE test, which must be performed 72 hours before boarding the flight.

This measure, which goes into effect on January 7 for Canada and January 26 for United States of America, in addition to the mandatory 14-day quarantine period when entering to the country whether citizen or not.

Canadian Government defined the PCR tests should be administered.

United States of America defined antigen test or PCR test should be administered

With that said, the Samba Vallarta Hotel offer as alternative to our guests the prestigious Laboratorio SANLOR Bucerías, located inside HOSPITAL CMQ-RIVIERA NAYARIT, located 6.9km from he hotel, who is offer testing to Canadian and United States citizen at a special rate:
